

REMARKS

The Examiner is thanked for allowing claim 30 and indicating the allowability of claim 29.

Claims 1-28 have been canceled and claim 29 has been rewritten in independent form. New claim 31 has been added to point out that the rolling bearing is in a rolling stock. Support for claim 31 is found in the specification at page 1. lines 12-16. Since claim 31 is properly dependent on allowable claim 30, it is believed that new claim 31 is also allowable.

An early and favorable action is earnestly solicited.

Respectfully submitted,
